ABDUL JABBAR

FRONTEND REACT JS DEVELOPER

Islamabad, Pakistan | +92 342-8758690 | abduljabbar1572817@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Frontend React.js Developer with 3+ years of experience building responsive, scalable web applications across fintech, Web3, SaaS, POS, business management, and e-commerce. Skilled in React.js, Next.js, JavaScript, TypeScript, Redux Toolkit, Tailwind CSS, and REST API integration. Experienced in reusable component architecture, state management, authentication flows, wallet connectivity, performance-focused UI development, and converting Figma/PSD designs into production-ready interfaces. Collaborative team member focused on maintainable code, reliable delivery, and polished user experiences.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React.js, Next.js, Redux Toolkit, Vite, REST API Integration, Authentication Flows, Reusable Components, State Management

UI and Styling: Tailwind CSS, Material UI (MUI), Bootstrap, SCSS, Responsive Design, Cross-Browser Compatibility

Web3: Wagmi Hooks, MetaMask, Wallet Connectivity, Smart Contract Interaction, dApp Interfaces

Tools and Workflow: Git, GitHub, npm, VS Code, Chrome DevTools, Figma to Code, PSD to Code, Adobe XD to Code

PROFESSIONAL EXPERIENCE

Frontend React JS Developer | Quecko, Islamabad, Pakistan | Feb 2026 - Present

- Develop responsive, production-ready interfaces using React.js, Next.js, TypeScript, Tailwind CSS, and reusable component patterns.
- Contribute to the Rain.trade and Rain.one trading products, building trading screens, market data views, positions, balances, portfolio views, and transaction workflows.
- Integrate REST APIs and application data into the UI; manage complex UI state with Redux Toolkit and reusable React patterns for predictable, maintainable behavior.
- Implement Web3 features including wallet connectivity, MetaMask integration, Wagmi hooks, and blockchain transaction flows.
- Collaborate closely with backend, design, and QA teams to deliver reliable features and resolve issues quickly.

Frontend React JS Developer | Codefloors, Multan, Pakistan | Sep 2024 - Feb 2026

- Built and maintained React.js/Next.js applications using JavaScript, TypeScript, REST APIs, Tailwind CSS, MUI, Bootstrap, and SCSS.
- Delivered reusable modules and responsive workflows for business management, POS, billing, inventory, invoicing, dashboards, and reporting.
- Translated Figma, PSD, and Adobe XD designs into responsive, cross-browser compatible interfaces.
- Worked with designers, backend developers, and clients to clarify requirements, resolve issues, and deliver features on schedule.

Junior Frontend Developer | Blockmob Labs | Sep 2023 - Sep 2024

- Progressed from frontend internship to Junior Frontend Developer, contributing to production web applications and client projects.
- Built responsive React.js screens and reusable components for Naitram, Magnus Capital, and EvoX; implemented layouts and API-driven functionality.
- Used Git/GitHub and collaborated with senior developers and designers to deliver features, fix bugs, and maintain frontend quality.

SELECTED PROJECTS

- **Rain.trade** | React.js, Next.js, TypeScript, Wagmi, Tailwind CSS | Web3 trading interface with wallet connection, market data, positions, balances, and transaction workflows.
- **Rain.one** | React.js, Next.js, TypeScript, Redux Toolkit, REST APIs | Trading product interfaces, account views, market information, API integration, and state management.
- **Invoice Generator** | React.js, TypeScript, Tailwind CSS | Invoicing application with responsive UI, PDF generation, and email API integration.
- **Codefloors Portfolio** | React.js | Responsive company portfolio website showcasing services and projects.
- **Eyecare Ecommerce Website** | React.js | Responsive e-commerce website interface for eyecare products.
- **Worldflourishing Organization** | React.js | Responsive organization website with reusable components and clean, accessible layouts.
- **Naitram** | React.js | Responsive project interface with reusable components and API-driven features.
- **Magnus Capital** | React.js | Responsive finance project interface with reusable components and production UI implementation.
- **ATS Resume Builder** | React.js | Resume builder application for creating clean, ATS-friendly resumes.

EDUCATION

Master of Computer Science | Government College University Faisalabad | 2021 - 2023

Associate Degree in Computer Science | Government College University Faisalabad | 2019 - 2021
